- > MakerFest, Ahmedabad/India
- > IndustrieSalon Schöneweide, Berlin/Germany
- > with global hangout (and Livestream), hosted by „Living Bridges Planet“
- > project management: artlab4.de

A

Jan.-June 2015, decentral workshops and events from project partners

- > constructions, message-in-the-bottle collection, theater workshops, Design-Jams
- > possibly around Easter holidays, end of march
- > or around Pfingsten (Whitsun-holidays)
- > activities in other context
- > please check our blog for details or submit your related activity (we'll spread it)

26.-28.6., ArtFestival „48 Stunden Neu-Kölln“ (Motto: S.O.S. – Kunst rettet die Welt)
 Interactive Theater-Performance: „Collaborative Construction of Open-Island“

- > Location: Maybachufer/Landwehrkanal, NeuKölln
- > Veranstalter: D-Collective + Theaterwerk Gavroche
- > project management: artlab4.de

B

29.6.-2.7. 2015, decentral Open-Island activities on Berlin waterways

- > The central island-unit, our floating Fab-Lab visits cooperating partners on the rivershore & canals for small happenings, talks and coworking experiences.
- > The other Open-Island modules will be dismantled and can be reassembled at various in/outdoor locations on land.

3.-12.7.2015, Open-Island at „Spreeknie ArtFestival“, Schöneweide Berlin

- > Floating Fab-Lab activity on Spree river, Schöneweide
- > Open-Island presentation: collaborative reunion of the decentral float modules (Splashmob of partnering groups and people with their Floats)
- > Open-Island Stage shows and public activities with/from partners (artists, musicians, makers, entrepreneurs, performers, ...?)

C

Afterwards, the Open-Island modules remain with their builders. Others will be either openly installed at FEZ Wuhlheide or safely stored for the next action. The floating Fab-Lab remains active and can be used on specific demand for different purposes on Berlin waterways or even for events on land.

Sept. 2015, Strategic meeting & happening at Principality of Sealand (max.24 pers.), with global hangout + Livestream.

- > Installation of the global Sealand Multiversity Offshore Campus
